1. Receiving Your Chromebook & Check-In

1.1 Receiving Your Chromebook

Chromebooks will be distributed each fall. Before receiving a Chromebook, students and parents must sign the Acceptable Use Policy via FinalForms.

1.2 Chromebook Check-In

Chromebooks will be returned during the final week of school during student checkout so they can be examined for serviceability. If a student transfers out of the Northwood Local Schools District during the school year, their Chromebooks will be returned at that time.

1.3 Check-In Fines

Individual school Chromebooks and accessories must be returned to Northwood Local Schools at the end of each school year. Students who withdraw, are suspended or expelled, or terminate enrollment at Northwood Local Schools for any other reason must return their Chromebook on the date of termination. If a student fails to return the Chromebook at the end of the school year or upon termination of enrollment, that student will be subject to criminal prosecution or civil liability. The student will also pay the cost of the Chromebook. Failure to return the Chromebook will result in a theft report being filed with the Northwood Police Department.

The student will be responsible for any damage to the Chromebook, consistent with the District's Insurance Agreement Form and must return the Chromebook and accessories in satisfactory condition. The student will be charged a fee for any needed repairs, not to exceed the replacement cost of the Chromebook.

2. Taking Care of Your Chromebook

Students are responsible for the general care of the Chromebook they have been issued by the school. Chromebooks that are broken or fail to work properly must be taken to the Technology Office for an evaluation of the equipment.

2.1 General Precautions

- The Chromebook is school property and all users will follow this policy and the Acceptable Use Policy for technology.
- Only use a clean, soft cloth to clean the screen, no water or cleansers of any type.
- Cords and cables must be inserted carefully to prevent damage.
- Chromebook must remain free of any writing, drawing, stickers, or labels that are not the property of Northwood Local Schools.
- Chromebooks must never be left in an unattended or unsupervised area.
- Students are responsible for keeping their Chromebooks battery charged for school each day.

2.2 Carrying Chromebooks

Students are encouraged to purchase a protective sleeve or case for their Chromebook based on how they transport their supplies from school to home and back, as well as class to class.

- Pack the Chromebook in a backpack in such a way as to limit the amount of pressure applied to the device.
- Avoid bumping the Chromebook or the bag where it is held against any surface.

2.3 General Care

The Chromebook can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure or drops.

- Do not place anything on the Chromebook that could put excessive pressure on it.
- Clean with a soft, dry cloth or anti-static cloth. Use of harsh chemicals may damage the screen and case finish.
- Use on a flat stable surface or on your lap while sitting.

3. Using Your Chromebook at School

Chromebooks are intended for use at school each day. In addition to teacher expectations for Chromebooks, school messages, announcements, calendars, and schedules may be accessed using the Chromebook. Students must be responsible to bring their Chromebooks to all classes, unless specifically instructed not to do so by their teacher. The Chromebook is the property of Northwood Local Schools. Therefore, school staff and administration have the right to check any material stored on a student's Chromebook at any time.

3.1 Chromebooks Left at Home

If students leave their Chromebook at home, they are responsible for getting the course work completed as if they had their Chromebook present. If a student repeatedly (three or more times as determined by any staff member) leaves their Chromebook at home, disciplinary action will be taken. Spares may be available on a first-come-first-serve basis.

3.2 Chromebooks Undergoing Repair

Replacement Chromebooks will be issued to students when they leave their device for repair in the technology office.

3.3 Charging Your Chromebook's Battery

Chromebooks must be brought to school each day in a fully charged condition. Students need to charge their Chromebooks each evening. Only charge your Chromebook with the school provided charger.

3.4 General Use

- Sound volume should be at a level relative to the student's environment. Be aware of others. Do not be disruptive. Use headphones where needed.
- All software/apps/extensions provided by the district, must remain on the Chromebook. Data storage will be available through Google Apps.

3.5 Home Internet Access

Students are allowed to set up wireless networks on the Chromebooks where ever they may be.

4. Managing Your Files & Saving Your Work

4.1 Saving Your Work

Storage space will be available on the Chromebook – but it will not be backed up in case of re-imaging. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. Chromebook malfunctions are not an acceptable excuse for not submitting work. The school recommends that documents created should be stored on Google Drive.

5. Software on Chromebook

5.1 Originally Installed Software

The software/apps originally installed by Northwood Local Schools must remain on the Chromebook in usable condition and be easily accessible at all times. From time to time the school may add software applications for general use or use in a particular course. Periodic checks of Chromebooks may be made to ensure that students have not removed required apps.

5.2 Additional Software

Students may not load any apps other than those approved by Northwood Local Schools. If your Chromebook is found to have any of these apps, it will be confiscated, the apps will be removed.

5.3 Inspection

Students may be selected at random to provide their Chromebook for inspection. These inspections may include an inspection of all material saved on the Chromebook.

5.4 Procedure for Re-loading Software

If technical difficulties occur or illegal software or non-Northwood Local Schools installed apps are discovered, the Chromebook will be restored from backup to its original state. The school does not accept responsibility for the loss of any software or documents deleted due to a re-format and re-image.

5.5 Software Upgrades

Upgrade versions of licensed software/apps are available from time to time. Students will be required to check in their Chromebooks for periodic updates and syncing.

6. Acceptable Use

The use of Northwood Schools' technology resources is a privilege, not a right. The privilege of using the technology resources provided by the district is not transferable or extendible by students to people or groups outside the district and terminates when a student is no longer enrolled in the Northwood Local Schools. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school district technology resources may be denied, and the appropriate disciplinary action shall be applied. The Northwood Local Schools' Acceptable Use Policy as well as the Student Handbook shall be applied to student infractions. Students are encouraged to take their Chromebooks home every day after school, regardless of whether or not they are needed. Chromebooks should not be stored in a student's vehicle at school or at home. If a student needs a secure place to store their Chromebook, they may check it in for storage in the office.

Do NOT leave your Chromebook in a place that is experiencing extreme hot or cold conditions (i.e. car in summer or winter). Extreme heat will damage the unit itself and extreme cold will cause severe screen damage.

Under no circumstances should Chromebooks be left in unsupervised areas. Unsupervised areas include the school grounds, lunchroom, computer lab, locker rooms, unlocked classrooms and lockers, dressing rooms, busses, and hallways.
