1. Receiving Your iPad & Check-In

1.1 Receiving Your iPad

iPads will be distributed each fall. Before receiving an iPad, students and parents must sign and return copies of the following documents via FinalForms: Acceptable Use Policy (part of the elementary/High School Student Handbook)

1.2 iPad Check-In

iPads will be returned during the final week of school during student checkout so they can be examined for serviceability. If a student transfers out of the Northwood Local Schools District during the school year, their iPad will be returned at that time.

1.3 Check-In Fines

Individual school iPads and accessories must be returned to Northwood Local Schools at the end of each school year. Students who withdraw, are suspended or expelled, or terminate enrollment at Northwood Local Schools for any other reason must return their iPad on the date of termination. If a student fails to return the iPad at the end of the school year or upon termination of enrollment, that student will be subject to criminal prosecution or civil liability. The student will also pay the cost of the iPad. Failure to return the iPad will result in a theft report being filed with the Northwood Police Department.

The student will be responsible for any damage to the iPad, consistent with the District's Insurance Agreement Form and must return the iPad and accessories in satisfactory condition. The student will be charged a fee for any needed repairs, not to exceed the replacement cost of the iPad.

2. Taking Care of Your iPad

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken or fail to work properly must be taken to the Technology Office for an evaluation of the equipment.

2.1 General Precautions

- The iPad is school property and all users will follow this policy and the Acceptable Use Policy for technology.
- Only use a clean, soft cloth to clean the screen, no water or cleansers of any type.
- Cords and cables must be inserted carefully into the iPad to prevent damage.
- iPad and case must remain free of any writing, drawing, stickers, or labels that are not the property of Northwood Local Schools.
- iPads must never be left in an unattended or unsupervised area.
- Students are responsible for keeping their iPad's battery charged for school each day.
- Students must always keep their iPad in the protective case, provided by the school.

2.2 Carrying iPads

The protective case provided with the iPads has sufficient padding to protect the iPad from normal treatment and provide a suitable means for carrying the device within the school. The guidelines below should be followed:

- iPads must always be within the protective case.
- Pack the iPad in a backpack in such a way as to limit the amount of pressure applied to the iPad screen.
- Avoid bumping the iPad against any surface.

2.3 Screen Care

The iPad screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the iPad at any time.
- Do not place anything near the iPad that could put pressure on the screen
- Do not place anything in your backpack that will press against the screen.
- Clean the screen with a soft, dry cloth or anti-static cloth. Use of harsh chemicals WILL damage the screen.
- Do not “bump” the iPad against lockers, walls, car doors, floors, etc. as it will eventually break the screen.

3. Using Your iPad at School

iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, calendars, and schedules may be accessed using the iPad. Students must be responsible to bring their iPad to all classes, unless specifically instructed not to do so by their teacher. The iPad is the property of Northwood Local Schools. Therefore, school staff and administration have the right to check any material stored on a student’s iPad at any time.

3.1 iPads Left at Home

If students leave their iPad at home, they are responsible for getting the course work completed as if they had their iPad present. If a student repeatedly (three or more times as determined by any staff member) leaves their iPad at home, disciplinary action will be taken.

3.2 iPad Undergoing Repair

Replacement iPads will be issued to students when they leave their iPads for repair in the technology office.

3.3 Charging Your iPad’s Battery

iPads must be brought to school each day in a fully charged condition. Students need to charge their iPads each evening. Only charge your iPad with the provided charger.

3.4 General Use

- Sound volume should be at a level relative to the student's environment. Be aware of others. Do not be disruptive. Use headphones where needed.
- All software/apps provided by the district, must remain on the iPad. Data storage will be available through Google Apps on the iPad.

3.5 Home Internet Access

Students are allowed to set up wireless networks on the iPads. This will assist them with iPad use while at home.

4. Managing Your Files & Saving Your Work

Storage space will be available on the iPad – but it will not be backed up in case of re-imaging. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. iPad malfunctions are not an acceptable excuse for not submitting work. Documents created should be stored on accounts created by technology staff such as Google Drive or some other approved cloud storage service.

5. Software on iPads

5.1 Originally Installed Software

The software/apps originally installed by Northwood Local Schools must remain on the iPad in usable condition and be easily accessible at all times. From time to time the school may add software applications for use in a particular course. The licenses for this software require that the software be deleted from iPads at the completion of the course. Periodic checks of iPads may be made to ensure that students have not removed required apps.

5.2 Additional Software

Students are allowed to load school appropriate software/apps on their iPads. Northwood Local Schools will synchronize the iPads to update school provided apps. Students will be required to synchronize their iPad to update their personal apps required by the school. The following is a list of apps students are restricted from downloading to their iPads:

Facebook, Twitter, Snapchat, Vine, Textnow, Textfree, kik messenger, yik yak, askfm, Tinder, Slingshot

This is an initial list of banned apps. Students may not load any apps other than those approved by Northwood Local Schools. If your iPad is found to have any of these apps, your iPad will be confiscated, the apps will be removed and you will be unable to use the App Store for a staff-determined amount of time.

5.3 Inspection

Students may be selected at random to provide their iPad for inspection. These inspections may include an inspection of all material saved on the iPad.

5.4 Procedure for Re-loading Software

If technical difficulties occur or illegal software or non-Northwood Local Schools installed apps are discovered, the iPad will be restored from backup to its original state. The school does not accept responsibility for the loss of any software or documents deleted due to a re-format and re-image.

5.5 Software Upgrades

Upgrade versions of licensed software/apps are available from time to time. Students will be required to check in their iPads for periodic updates and syncing.

6. Acceptable Use

The use of Northwood Schools' technology resources is a privilege, not a right. The privilege of using the technology resources provided by the District is not transferable or extendible by students to people or groups outside the District and terminates when a student is no longer enrolled in the Northwood Local Schools. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school district technology resources may be denied, and the appropriate disciplinary action shall be applied. The Northwood Local Schools' Acceptable Use Policy as well as the Student Handbook shall be applied to student infractions. Violations may result in disciplinary actions up to and including suspension/expulsion for students. When applicable, law enforcement agencies may be involved.

- If a student should receive email containing inappropriate or abusive language or if the subject matter is questionable, he or she is asked to print a copy and turn it into the administration.

- Record of serial numbers and correlated asset tag.
- Northwood Local Schools Label.
- The student's name and graduation year written on the cover.

7.2 Storing Your iPad

When students are not using their iPads, they should be stored in their locker or kept with the student. Nothing should be placed on top of the iPad when stored in student lockers. Students are encouraged to take their iPads home every day after school, regardless of whether or not they are needed. iPads should not be stored in a student's vehicle at school or at home. If a student needs a secure place to store their iPad, they may check it in for storage in the office.

Do NOT leave your iPad in a place that is experiencing extreme hot or cold conditions (i.e. car in summer or winter). Extreme heat will damage the unit itself and extreme cold will cause severe screen damage.

7.3 iPads Left in Unsupervised Areas

Under no circumstances should iPads be left in unsupervised areas. Unsupervised areas include the school grounds, lunchroom, computer lab, locker rooms, LMC, unlocked classrooms and lockers, dressing rooms, busses, and hallways. Any iPad left in these areas

8. Repairing or Replacing Your iPad

Students will be responsible for damages to their iPads including, but not limited to, broken screens, cracked plastic pieces, inoperability, etc. Depending on the damage and whether or not the damage was accidental or due to a malfunction of maintenance issue, the Northwood Local Schools District Protection Plan would be used to determine the cost of the repairs. In the case of intentional damage and/or neglect, the student will pay the full repair or replacement cost of the device.

8.1 School District Protection Plan

Insurance is available through Northwood Local Schools. The cost of the insurance protection is \$30 annually. This cost is added as an option for each student in their yearly fees.
